Below are brief explanations of available coverage for the **HORSE INSURANCE** through The Hartford,

Mortality/Theft Coverage *There is a minimum policy premium of \$250.00 per policy.*

This policy covers the horse if death occurs due to an accident, illness, disease, injury, or humane destruction where the vet can certify that the animal's condition is incurable and so excessive that immediate destruction was necessary for humane reasons. The company will pay the insured mortality/theft value of the horse. We can insure the horse for the purchase price within the first year of ownership. If a higher value is requested please supply us with a show record or provide a letter stating how much you have paid for training fees (this does not include board, farrier or veterinary fees) to justify any increase. You **must** have a Mortality/Theft policy in order to be eligible to receive Major Medical, Surgical, Loss of Use, Stallion Infertility, and/or Air Transit coverage. All pre-existing and congenital conditions are **not** covered. We can write new business on any horses aged 24 hours old through age 16. Renewal policies will be offered through age 20, however the rates will increase each year on horses over the age of 14. A vet exam is required for **all** horses over \$50,000.00 in value, for all horses that have been purchased within 30 days of the policy effective date and for all horses ages 16 and older. A vet exam is also required if a foal is under 6 months of age. To insure a foal it must be at least 24 hours old. In all other cases, we only require that you sign the statement of condition, which states that the horse has not been seen by a veterinarian for other than routine care. Horses free of pre-existing colic conditions automatically receive \$3,000 worth of colic surgery, or 50% of the limit of insurance for the covered animal, whichever is less.

The problem that has caused the infertility must have occurred and been reported to the claims department during the policy period. APPLICATION PAGES

-Horse Mortality application and statement of condition: Our office must receive a copy (fully completed and signed) of this page to bind coverage. If items are not answered, it will delay binding. If a horse has been injured, sick or seen by a veterinarian for other than routine care, we will require additional forms. Please remember that if there are any unreported problems or conditions which you have not presented for the underwriters to review, those conditions or any related conditions are automatically excluded for all coverage. If you do provide information on these conditions, the company underwriters can decide if they will provide or limit coverage in advance of the policy issuance. Hiding the problems does not make them covered.

-Justification of Value: Complete if you are seeking a policy limit in excess of the purchase price of the horse.

-Vet Exam Form: Complete if:

1. Value is over \$50,000.00 for new business or **if the horse has been purchased within the last 30 days**, a copy of the pre-purchase exam will also fulfill this requirement

3. The horse has any health problems or injuries.
